**THE \$1000 PROJECT**  
*Canna Campbell*

Canna Campbell is a financial planner who runs her own company, SASS Financial, established in 2006, after a prosperous career in banking. Canna started her YouTube channel, SugarMamma.TV, after realising there was a need to educate, inspire and empower young people around money and building financial freedom.

“ *Finding ways to not just save money but earn extra money is actually quite fun and liberating. Especially when you use your new found extra cash and put it to better use, for your benefit. Through **The \$1,000 Project** I help you uncover ways to actually make this happen, with ideas to earn extra money which include de-cluttering your home of excess clothes, furniture, to participating in market research, even to part time casual jobs such as walking dogs or even babysitting. Saving money isn't necessarily about going without or depriving yourself, but rather working out what you love, value, use and appreciate and cutting out the excess in order to keep your bank account looking healthier. Everything that you need to know and do is all ready for you to start your own \$1,000 Project in my book, which I am sure that you will enjoy.* ”

### THE FORTRESS *S.A. Jones*

*The Fortress* is a psychological examination of the dark heart of masculinity, asking questions about consent, power, love and fulfilment. An absorbing, pacy, explicit, confronting and moving read.

### MRS *Caitlin Macy*

In the rarified world of New York's Upper East Side, coolly elegant Philippa Lye is the envy of all the mothers at the school gate. Despite a shadowy past, Philippa has somehow married a true 'master of the universe', the scion of the last family-held investment bank in the city. And although this puts her at the centre of this world of hedge funds and privilege, she refuses to conform.

Then, into her precariously balanced life, comes two women: Gwen Hogan, an awkward childhood acquaintance who uncovers a devastating secret about Philippa's past, and Minnie Curtis, a newcomer whose frank revelations about her upbringing in Spanish Harlem and probing into the women's private lives unsettles everyone.

When Gwen unwittingly leads her husband, a prosecutor in the US Attorney's Office, to stumble over the connection between Philippa's past and the criminal investigation he is pursuing at all costs, the whole delicate ecosystem of wealth and privilege becomes a tinder box set to explode.

*'Brilliant. Macy's tale of three women whose lives intersect gallops to its explosive conclusion. I was dazzled by her ability to see into the very hearts of her fascinating characters; I absolutely loved it.'*
